

# Espiroclean® 80 bar

Multi-layer, plasticised PVC hose, reinforced with a double polyester mesh. Specifically designed for high-pressure compressed air equipment.

## Applications

- ▶ Cleaning of industrial food and catering facilities. Designed to withstand medium pressures.

## Features

- For food use in accordance with European regulations EC 1935/2004 and EU 10/2011 (see declaration of conformity).
- Highly flexible, anti-knotting and highly resistant to extension.
- Double mesh reinforcement to withstand high pressure.
- Good chemical resistance associated with PVC's resistance chart.
- Withstands temperatures between -10°C and 80°C.
